

SUBPART F - SAFETY AND HEALTH TRAINING

WV420.51(c)(3)

WV420.51 Specialized safety and health training/education

- (c) All employees shall be afforded safety training in accordance with the following:
- (1) Defensive driving and other safety training shall be included as required training on the employee development plan for all new employees and shall be completed within the first year of entrance on duty.
 - (2) All employees will complete a refresher defensive driving course (DDC8) every five years.
 - (3) All employees will complete First Aid/CPR training course every three years. If employees desire to maintain their CPR certification, they are responsible for obtaining the additional yearly training.
