

Conservation Security Program (CSP)
Livestock Waste Management Data

| | | | | |
|--|--------------------|---------------------------------------|-------------------------|------------------------|
| Applicant's Name: | | Tract or Farm: | | |
| | Animal Type | # of Animals | Animals Size | Months Confined |
| List Animals on the farm | | | | |
| | | | | |
| | | | | |
| | | | | |
| Do you have an approved CNMP plan? Yes _____ No _____ | | | | |
| Do you have a waste storage facility? Yes _____ No _____ | | | | |
| How many months of storage do you have? # Months _____ | | | | |
| Is runoff from facility controlled & prevented from entering surface waters? Yes _____ No _____ | | | | |
| Do you have filter strips where you apply manure by streams/ditches/wells? Yes _____ No _____ Width _____ | | | | |
| If no, do you use setback distances on fields where you apply manure? Yes _____ No _____ Width _____ | | | | |
| Do you apply manure on frozen or snow covered ground? No _____ Yes _____ | | | | |
| Type of Manure Storage Facilities – <i>check all that apply:</i> | | | | |
| Holding Pond | | Dry Stack | | Above Ground Tank |
| Concrete Pit | | Manure Pack | | Other _____ |
| How do you apply your manure – <i>check all that apply:</i> | | | | |
| Surface Application | | Injected or Tilled into Soil | | Irrigated |
| How do you handle dead animals? <i>check all that apply:</i> | | | | |
| Bury | | Rendering Pickup | | _____ Other (explain); |
| Compost | | Incinerate | | |
| Is your milk house waste controlled & not discharging to tile or surface waters? Yes _____ No _____ NA _____ | | | | |
| Indicate method of control: | Holding pond | | Wetland or filter strip | |
| | Tank | | Other: _____ | |
| Indicate which of your manure storage structures you have current manure tests for: | | | | |
| Structure _____ | Year of Test _____ | Structure _____ | Year of Test _____ | |
| Structure _____ | Year of Test _____ | Structure _____ | Year of Test _____ | |
| Do you have records for 2 of the last 3 years for the following? – <i>check yes or no:</i> | | | | |
| Records show amounts of manure applied based on yield goals? | | | | Yes _____ No _____ |
| Current soil tests are available for all fields you intend to enroll? | | | | Yes _____ No _____ |
| Records show no manure applied on fields with Phosphorus (Meilich 1) >120 lbs/ac | | | | Yes _____ No _____ |
| Do you base you manure application rates on the following? – <i>check yes or no:</i> | | | | |
| Are your fertility application rates based on soil test values and Land Grant College recommendations for N, P and K | | | | Yes _____ No _____ |
| Do all applications account for both manure and commercial fertilizer applications? | | | | Yes _____ No _____ |
| If soil tests Meilich 1 80-120 lbs/ac, phosphorous applied is limited to P205 crop removal? | | | | Yes _____ No _____ |
| Producer Certification of Information | | _____ Signed _____ Date | | |
