

Tygart's Valley Conservation District

Waste storage facility to address animal waste concerns Environmental Ranking Criteria 2003

Points can only be earned when there is an environmental concern to be addressed by the implementation of a Conservation Management System. If the applicant is already doing the conservation practice that eliminates an environmental concern, the points will not be assigned. Point will be awarded as written on the worksheet and not arbitrarily reduced. Practices completed on tracts that have received prior cost share program can not be awarded points or additional cost share.

NAME _____ ADDRESS _____
FSN _____ TRACT _____

1. ___ Is the site being considered to comply with any regulation, law or informal WVDEP complaint.

(Copy of complaint required.)
