Address: 7740 Sharewood Dr.
Jessup, MD 20794

COMMENT(S): According to the water Resourcing study for Hardy Co., which was commissioned by the Hardy Co. Commissioners, there is enough water in Dam Sites 4 and 10 for the foreseeable future. Why should we build another dam for water supply using tax dollars that citizens cannot afford now?

JESSUP, MD 20794

COMMENT(S): The cost of modifying Kimsey's Run Dam for water supply is approximately one-third of the cost of building a new Dam at Site 16 for water supply. Economically it is illogical to spend tax dollars for a new Dam to serve the same purpose.
